

# Wrap Up

## Weather Accident Prevention Project Review

September 20 & 21, 2005

Williamsburg, VA

Paul Stough  
NASA Langley Research Center  
Hampton, VA

- **Cooperative efforts extremely productive**
- **Turning Goals Into Reality**
  - **2002 AWIN-WINCOMM**
  - **2003 TPAWS**
- **R&D 100 Award**
  - **2003 Pilot Weather Advisor**

- **Next generation AWIN capabilities developed.**
- **TAMDAR operational evaluation extended by FAA.**
- **ASAP integrated with FAA AWRP.**
- **E-Turb Radar ISE performed with Delta.**
- **TAPS ISE performed with Delta.**
- **Next generation Data Link evaluations completed.**

- **The past six years have produced**
  - **New capabilities**
  - **New partnerships**
  - **New friends**
- **NASA planning for future aeronautics and aircraft safety R&D is ongoing**

**Thank You  
&  
Have a Safe Trip Home**
